## Mobile Phones, PDAs

There are hundreds of different makes and models of mobile phone that we can collect. In general the newer the mobile, then the more money we can raise for charity. Please remove all SIM cards and customer data before returning them to us. We will not be responsible for any loss incurred in the event of SIM cards or customer data not being removed from handsets, although we do destroy all sim cards that we receive. Call or e-mail us for freepost bags.

## Digital Cameras, SatNavs & MP3 Players (NEW !)

We now also collect all makes and models of digital cameras, SatNavs(GPS) and MP3 Players.

So if you have any old or unwanted devices you would like to send for recycling, please call or e-mail us and we will send you some of our freepost envelopes. Please include any chargers or data cables.

## Packing your cartridges

Please note this list only applies to the original manufacturer brand cartridges, **we do not collect compatible/refilled cartridges**, as they have already been recycled once and cannot reuse them again.

Please pack your cartridges carefully. Damaged cartridges cannot be remanufactured and unfortunately end up in landfill sites.

- Put the used cartridges back into their boxes. If you remove the internal packaging you can get 2 cartridges into 1 box.
- We can supply collection bags for you to put the boxes in. Alternatively, please reuse any packing boxes you may have lying around your office. We recycle all cardboard and plastic that we receive.
- Please put old mobile phones in separate bags to prevent them getting contaminated with toner.
